### Customer Benefits

Boost profit (and loyalty) by offering customer loyalty cards & gift cards with the help of our NFC supported system & branded SMS solution as well which can push your potential clients to go back to your products or services.

Reduces space occupation cost by removing the cashier desk. In the past, at least seven square meter cashier desk and two cashiers were needed.

Reduces management cost with the adoption of an integration device, compared to the previous situation of diverse hardware devices, diverse management systems, many operators, and even IT department.

Reduces overall procurement cost due to its integration of multiple functions comparing to previous many devices.  
Now it's all in one.
